BAKER, Major XPDOS 3201 hhd
Simplified Processing Station (SPS)
Overseas Site

20 FEB 1979

1. On 6 July 78, ADCOM requested permission to send questionnaires to several sites (Atch 2). AF/PAX granted permission, but eliminated 6/ (Atch 3). Questionnaires were sent to USAFE and PACAF units (Atchs 4 and 5). Information was received from 15 bases (Atch 6). The SPS Operational Employment Concept, which addresses operations and deployment overseas, is in Atch 7.

2. Based on the information received from the questionnaires, the following recommendations in the proposed message are made (Atch 1).

a. Install an SPS antenna pad at the OGS because of the existing communication, power and personnel at that location.

b. Survey 6/ as potential locations for the European Deployment location.

RECOMMENDATION

4. Following DCS coordination, A/XP will sign the proposed message at Attachment 1.

ORIGINAL SIGNED

WILLIAM E. LINDEMAN, BrigGen, USAF
DCS/Plans and Programs, ADCOM
